### PROFESSIONAL EXPERIENCE

*FIS (Fidelity Information Services)*

#### Financial Reporting Analyst II

Jacksonville, FL | 2022 - 2025

- Designed and maintained interactive Power BI dashboards that delivered real-time visibility into Accounts Payable trends, reducing manual reporting time by 40% and accelerating executive decision-making.
- Automated end-to-end AP data extraction, transformation, and reporting using Alteryx and SQL, cutting data processing time by 50% and improving accuracy in monthly reporting cycles.
- Created monthly analytics packages for Tribe Leads and Product Owners covering AP activity, cash flow trends, and expense performance, which informed a \$2M reallocation in departmental budgets.
- Partnered with finance, engineering, and IT teams to integrate 5+ data sources, enhancing financial data completeness and reliability across reporting platforms.
- Developed custom dashboards and reports in Power BI and Excel to support AP forecasting, variance analysis, and accrual tracking, directly contributing to more precise month-end close processes.
- Streamlined AP reporting processes in cloud-based environments by implementing modular Alteryx workflows, increasing operational efficiency by 30% and enabling real-time insights.

*CIT Bank N.A*

#### End of Lease Specialist III

Jacksonville, FL | 2017 - 2022

- Oversaw a \$100M+ technology and industrial equipment lease portfolio, driving a 95% client retention rate through responsive service and strategic upsell opportunities.
- Finalized high-volume sales transactions with 110% quarterly attainment by analyzing customer usage data and aligning renewal terms with business goals.
- Led cross-departmental issue resolution initiatives, reducing service backlog resolution time by 25% and improving interdepartmental workflow efficiency.
- Contributed to Salesforce CRM system implementation by executing test scenarios during UAT and providing feedback that enhanced system functionality for over 50 users.
- Performed detailed financial research to reconcile cash receipts with internal systems, maintaining a 99.8% transaction accuracy rate.
